- PU-PU / TPU outsole: anti vibration, antistatic, lateral stability, resistance at hydrolysis, resistance to fuel oil, energy absorption on seat region; great grip
- Textile absorbing lining;
- Soft tongue;
- Use for: Autumn/winter (wet ambient)

CLIMA CORK SYSTEM improves the clima management of your feet inside your footwear. The layer of cork between the insole and outsole isolates your feet from the environmental cold and heat.

The cork is a self molded material creating the "footprint" of your feet giving you extra comfort and reducing fatigue by supporting you whole foot distributing weight and pressure evenly.

PRODUCT APPLICATIONS:
